

Spreadsheet Assignment #4

Directions: You are to create a simple budget for one month. List the categories you see here and put them into a spreadsheet format. Your goal is to use Excel to find your Savings for the month. You will then need to make a **pie chart** showing your **variable expenses only**. Make sure to add a header and get everything to fit to one sheet.

Income:

Allowance- \$75
Babysitting- \$15
Mowing Lawns- \$20

Expenses:

Fixed Expenses

Loan from Dad- \$25

Variable Expenses

Movies- \$20
Clothes- \$30
Other- \$15

Savings:

???
